"Cal is ecstatic with his new chair & couldn't be more grateful for all you have done for him. Once the warmer months hit Cal is anticipating speeding around Rockland Lake doing his laps now that he has a safe chair he can feel comfortable being independent in. Thank you again for your help in making Cal's dream become a reality. With the insurance restrictions and his unique needs, this wouldn't have been possible without your assistance, we are eternally grateful to you and your foundation."
